Buddhist Tour in Nepal – 7 Days

Are you curious to learn more about Buddha's land? We have bought an amazing cultural Buddhist tour in Nepal. Nepal has always been a religious retreat center for spiritual practices in the Himalayas. The internal strife and invasion adversely affected the dissemination of Buddhism in the place of its origin. The mountainous country of Nepal became a haven for Buddhist practice for centuries. Kathmandu and its periphery have hundreds of meditation caves, monasteries, and stupas related to Bodhisattvas, Siddhas, and Buddha.

This tour also takes you to Lumbini – the birthplace of Lord Buddha. There are over 60 archaeological places that have been classified around Lumbini, including the only surviving, unexcavated Buddha monument, Stupa of Ramgram. This tour not only takes you to Lumbini but also to all the famous Buddhist sites in Nepal, mainly in Kathmandu, including Swayambhunath, Bouddhanath stupa, and Namobuddha.

Swayambhunath has a dome-like structure at its foundation, above which you see a cubical formation. The system that you look at it has painted the eyes of Buddha. Another important Buddhist site, Bouddhanath stupa, is one of the largest Buddhist stupas in the world, where over 50 Tibetan Gompas or monasteries are located. This tour also provides you with all the resources you want on Buddhism. Namobuddha is famous for Thangu Tashi Yangtse Monastery, where the Lord Buddha gave his body to a starving tigress and her cubs.

The highlights of the Buddhist Tour in Nepal include the birthplace of Lord Buddha – [Lumbini](#), visiting the world's largest monastery – Bouddhanatha Stupa, you get to know the life story of Lord Buddha, and visiting UNESCO world heritage sites and the city of temples. During the tour, visitors can observe the Buddhist devotees chanting religious hymns in their religious attire devoted to Buddhism.
