Annapurna Base Camp Short Trek – 12 Days

You can explore the most popular trekking area of Nepal, Annapurna Base Camp on a 12 days trek. Annapurna Base Camp Trek is a mix of remarkable mountain vistas, traditional village lifestyles, rhododendron and bamboo forests. Annapurna Conservation Area is one of the largest protected sites in Nepal. You can explore a diversity of flora and fauna found in its multiple ecosystems. As an outcome of its unique combination of ridges, moderate and lowlands trekkers find this place divine. This place is a heaven for nature lovers which are full of spectacular scenery and diverse cultures. Annapurna Base Camp Trek provides a fine opportunity to surround you with major Himalayan peaks of Nepal.

The trek starts in the charming lakeside town of Pokhara. Subsequently, the trails then head towards Tikkhedunga and Ghorepani. The trail goes through dense forests and farmlands, to narrow gorges. The trail overlooks the majestic Hiunchuli (6,641 m) and Machhapuchhre (6,993 m). Annapurna Base camp Trekking trail takes you to the heart of the Gurung and Magar Valley where you can observe their cultures and traditional way of lifestyle.

It offers you a vast species of birds and wildlife, while also granting you magnificent panoramas of the snow-capped mountains in the Annapurna Range. You can visit the inward sanctuary of Annapurna which has panoramic views of 10 peaks, all over 6000 m. The trek presents you with the magnificent views of Annapurna ranges and Dhaulagiri, Kaligandaki from Poonhill (3,210 m). A mesmerizing and memorable experience is observed on the valley enclosed by a ring of mountains, including Annapurna I (8091 m).

Optionally, you can also experience a relaxing bath in a natural hot spring at Jhinudanda. Beautiful villages and farmlands at Ghandrunk, the vista of high peaks with streams and chirping birds, adds beauty to this trek. Annapurna Base Camp trek is a Moderate trek that takes you to the elevation of 4130 m. The best time to go on this trek is from March to June and September to December.
