

### Manaslu Circuit with Tsum Valley Trek – 22 Days

**Manaslu Circuit with Tsum valley Trek** is one of the refreshing adventure treks in Nepal that reward you with magnificent views of the Annapurna and Dhaulagiri peaks. Furthermore, that is gratifying to the soul along the way.

Despite the taxing drills of this trek, Mt. Manaslu (8163 m) is located east of the Annapurna Himalaya range, the eighth-highest peak in the world. The name Manaslu means "The spirit mountain."

The local jargon refers to it to be the compassionate and strong deity that mysteriously dwells within its domain. The Manaslu Circuit with Tsum valley trekking, located near the border of Nepal alongside Tibet, was opened for trekking only in 1992 AD.

Manaslu Circuit with Tsum valley trek is a controlled and government-regulated issue because it's also a restricted trek area. Consequently, you must take permission before organizing treks for the Manaslu region. Trekking in the Manaslu area has been acknowledged to be one of the finest adventure destinations continuing to become more popular in Nepal daily.

The Manaslu is for you if you are looking for an unusual experience in the sublime territory. You can experience breathtaking panoramas of the majestic Himalayas stretching beyond horizons as you trek in Manaslu.

When trekking in this unspoiled-trodden Region of Manaslu, you also come across cultural diversities and natural scenery with high altitude, fantastic glacier lakes, and fascinating floras and faunas.

In this trek, you can explore the less explored and hidden valleys of the Manaslu region as it introduces you to the region's antique monasteries, chortens, and gompas. You can observe the wide-angle splendour of Mt. Manaslu, Simrang, Hiunchuli, Ngadi, Ganesh Himal, Larkye Peak, etc.

Manaslu Circuit with Tsum valley trek starts with a day drive from Kathmandu to Arughat (the trek start point), and the trek follows the version trail to the Larkya pass at (5420 m). After the Larkya La pass, you continue trekking to the Annapurna trails for your return to Bhulbhule and then drive back to Kathmandu through a scenic highway to end the trek in Kathmandu.

This trek takes you to the elevation of 5,160 m at Larkya la pass. The best time to go on this
